Now.  
The Mowed  
Lands.

OH GOD,  
THEY'RE KILLING  
SYD!  
**FASTER,  
PAC!**

The lawnmower wheezed  
to a stop, leaving only the  
deafening buzz of the  
murder swarm.

My brother's screams never  
reached his lips, smothered  
somewhere deep inside.

He tried to run, but  
could only twitch and  
spasm, having become  
more bug than boy.

The amulet crackled in  
my chest. I felt as if I  
might vomit a hurricane.

Instead my rhino beetle  
lowered his horn.  
And I raised my axe.

And through the  
swarm we flew...

...like a comet  
trailing fire and  
insect viscera.
